People love this book because it teaches them that they are in control of their own lives. She makes a clear argument of why readers have more time on their hands than they may think.

Allen based this book on his popular e-newsletter to give readers 52 ways to prepare their minds for creativity, focus, create structures, and take action.

The author uses examples from their own lives to teach the reader their tactics doesn't have a flow or have an obvious sense of order, rather it is the responses he got from people he reached out to when asking these questions. This book can be applied to any area of your life, including your diet, your attitude, and your success.
