Amazon Inspire Digital Educational Resources. It uses this collected finance to purchase fixed and current assets for the company.

The financemanager must compare the financial performance of the company with

For public sector surplus funds may need to be returned to ministry of finance or more projects delivered within the scope. It must improve the image and reputation of the company. Financial management should facilitate increasing the efficiency of all the departments of the company.

Taking a commercial business as the most common organisational structure, the distribution of finance to all the departments will increase the efficiency of the entire company.
