View or edit your browsing history. He then puts addiction on a spectrum, from substance addiction to "high status addictions" like workaholism--and explores contemporary brain science to reveal what is coming to be understood as the the social-developmental-neuroscience of addictive drives. This memoir proves nothing is impossible. Learn more about Amazon Giveaway. I do believe that a good maternal childhood bond does affect children however In many instances I felt that too much emphasis was put on the mothers. Most recent customer reviews. Far from being as simple as addiction, Dr. the Realm of Hungry Ghosts: Mate goes on to describe many beliefs of how the Maternal childhood bond affects the developing brain.
