Diversity management is a process intended to create and maintain a positive work environment where the similarities and differences of individuals are valued. Women were keen on adapting to customs of the new country and getting to know the local residents, while on an overseas assignment; learning other languages; learning about cultural difference and the way business is conducted in the country where the overseas assignment is; offering language training to your employees; providing transition counseling to employees and their families before and after an overseas assignment; training employees to learn about and be sensitive to cross-cultural differences; examining employee practices to ensure that the company is not intentionally or unintentionally discriminating against anyone to his or her religion or ethnicity; and finally implementing different strategies according to gender organization to increase inclusiveness.

The perception toward accepting overseas assignment whenever given an opportunity. The Kruskal-Wallis test corroborated these findings. Past research work has focused on national culture and its impact on organizational culture.

It was found that there were significant differences between men and women. In general, there is a consistent finding that differences should be sought in moderation. Implications for organizational competitiveness.
