Among private organizations adult education is just one of many tools useful in achieving organizational objectives and is not considered an end in itself, justifying the expenditure of resources. The author shows how attempts to reform have been limited by... Hardback – Routledge Routledge Library Editions:

In Denmark originated the predominantly cultural folkschools, which spread Mechanics institutes were established in the early nineteenth century, but after a period of intensive growth in major population centers both in England and the United States they began to decline. In the same way, adults in a supermarket are not just using number skills when doing price comparisons but also taking into account their prior experience with the brands, family likes and dislikes, perhaps ethical concerns Fair Trade.
