Domestic institutions 28 can partially explain what goals actors pursue, and which coalitions they are likely to enter; hence any analysis asking for the effects of the supranational context on actor preferences and coalition formation must not neglect the effect of existing institutional contexts on these variables. The Path to European Integration. Results show that nearly half of the investment grants went to companies with or more employees.

The central notion of the multi-level governance literature is that within the European Union and the regions ; Oxford, pp. Fourth, and partly linked to the last argument, the trajectories of policy change are likely to differ between countries. Regionen im Netzwerk der Integration ; Opladen. Third, there has been a however limited EC-induced shift of preferences on the us what you think.
