Ratings and Reviews 0 0 star ratings 0 reviews. Authored by Rand Morimoto and Jeff Guillet—top consultants of Microsoft technologies with unsurpassed experience deploying Hyper-V in enterprise organizations—this book delivers start-to-finish guidance for every facet of your virtualization initiative. Part of the Unleashed series. Leverage the experience from hundreds of real-world scenarios. Getting Started with FortiGate. Daniel Julien rated it liked it Aug 14, Eduardo Herrera marked it as to-read Sep 18, As with any application, Hyper-Vis best run when the system is properly installed. It distributes resources of a host server across guest sessions, and thus it is important to have the right hardware and system optimization in place. This part also covers running tools to assess physical servers for consolidation to virtual guest sessions and the process of architecting an enterprise virtual host environment.
