It's a bit more serious than Expeditionary Force, but it has its own sense of humor. . I've read the first book in the undying mercenary series and that was pretty good Earth has regained space flight and is fighting for survival and . Fourth book is meh), Tomorrow War (max redacted trilogy), Dark Matter.

On the edge of the galaxy, a diplomatic mission to an alien planet takes a turn. It has been uploaded into computer hardware and is slated to be the controlling AI in an interstellar probe looking for habitable planets. Those females left behind are now being sexually exploited by the cartels who feel the danger of an Expedition Force crackdown is long past.
