I recommend *The Crime of Sylvestre Bonnard* be read in a bound book, rather than a haphazardly thrown together electronic version which can be obtained free online. It is such a joy to read a work of the nineteenth century after a streak of current works. Goodreads helps you keep track of books you want to read.

Fine in a slightly worn slipcase. He lives among books, and launches himself into it. It is a warm and heartfelt story that will likely bring you to tears and laughter in equal measure. Views Read Edit View history. Anatole France with a sharp critical eye and humor has portrayed a very beautiful and gentle story. This book changed my life, although I didn't know it at the time. It is a short book of and mystery stories. Paste downs and fly leaves slightly stained.
