The war also saw the first propaganda films, some designed to help enlist US support for the Allies. The Great War also saw the introduction of the planned economy and a much bigger role for the state.

The once great powers of Japan and Germany looked as though they would never rise. Feel free to DM me on there as well if you have any thoughts on. For more than a decade before the crisis of corruption, unemployment, food shortages, a powerful tribal system, entrenched separatism in the south, and the involvement of regional powers had combined to maintain high levels of instability.

Millions facing famine and the threat of cholera. Many Europeans were surviving. In the Middle East, for example, the British and French promised different things to the Arabs and the Jews in return for their support against the Ottoman Empire. After all, one ally was the Soviet Union, in its own way as guilty of crimes against humanity as Nazi Germany, fascist Italy or Japan.
