They decided to embark on a year long experiment and live like Americans did in This is a leisurely read of a family who decides to move from New York City to rural Virginia; and, much more importantly, live without technology that did not exist in the year

I tried a similar experiment myself in my youth and think that this little family. Instead of fielding phone calls and e-mails, meeting deadlines, chasing checks, and trying to keep up with the bills, I fret over the weather and insects, feeling frustrated, angry, and inadequate. This breezy account of their stubbornly quixotic odyssey begins in June with Logan exhausted pumping water from a well, ineptly milking cantankerous goats and confronting his fear of a 2, pound Percheron, while Heather coped with the cooking stove's suffocating heat, her fear of snakes and hand-scrubbing two-year-old Luther's cloth diapers. Four Seasons in Forgotten America.

Note longated hyphens, but the kind that connect two words, making you wonder Logan Ward and his wife and two year old leave Manhattan to embark on an adventure where they try - as much as is possible - to live like dirt farmers in rural Virginia in the year
